

FOR SALE - FROM VENTUREXPO GROUP

Two Internet Domains: www.2BuckChucks.com & www.TwoBuckChucks.com are FOR SALE or JOINT VENTURE

Internet 2 or "web 2.0" is just getting started and smart marketers know the value in acquiring domains that have a built-in buzzword going for it. We've got an exceptional PAIR of Internet domains that can be acquired and used for a new ad campaign, launch a new wine franchise or even perhaps to launch a totally new online business or cartoon character. www.2BuckChucks.com and www.TwoBuckChucks.com can be an exceptionally wise business strategy because these special Internet domains have a national, public-generated identity and affinity already built-in. They can even be used to launch a new type of "Nothing Over \$2 Bucks Stores" (on eBay?) and/or perhaps a "\$2 Buck Chuck's Cafe" franchise. The Dollar Stores and the 99¢ Only Stores did it very successfully using the same retail hook/theme and www.2BuckChucks.com could be used the same way...and also for selling any \$2 items (or discount wines) online.

The owner of these domains is an experienced franchisor, who can also include both master franchise and individual franchise documentation (prototype) and consulting with the sale of these domains (optional). For information about "Master Franchising" see www.ventureexpo.com/master.html.
