Two Internet Domains: www.2buckchucks.com and www.twobuckchucks.com are **FOR SALE** or **JOINT VENTURE**

Internet 2 or "web 2.0" is just getting started and smart marketers know the value in acquiring domains that have a built-in buzzword going for it. We've got an exceptional PAIR of Internet domains that can be acquired and used for a new ad campaign, launch a new franchise or even perhaps to launch a totally new online business or cartoon character.

www.2BuckChucks.com and

www.twobuckchucks.com can be an

exceptionally wise business strategy and decision because these domains have a national, public-generated identity and affinity already built-in. They can even be used to launch a new type of "Nothing Over \$2 Bucks Stores" and/or "\$2 Buck Chuck's Cafe". The Dollar Stores and the 99¢ Only Stores did it very successfully using the same retail hook/theme. **www.2buckchucks.com** could be the same way... and also for selling \$2 items online.

The owner of these domains is an experienced franchisor, who will include both master franchise and individual franchise documentation (prototype) and consulting with the sale of these domains. For information about "Master Franchising" see www.venturexpo.com/master.html - Joint Venture or partial sale (to 90%).

Offered at \$75,000

o.b.o.

FOR BOTH DOMAINS - INCLUDES MASTER FRANCHISE DOCUMENTS AND MARKETING PLANS.
